No person shall operate or maintain a Residential Kennel or a Residential Cattery as those terms are defined in Section 8.18.010 of this Chapter without first obtaining an appropriate license from the Animal Control Director. Such license shall be valid for a period of either one (1) or two (2) years from the date of issuance, except that the Animal Control Director may, in his/her discretion, limit the duration of the license to one (1) year when he/she deems such limitation to be appropriate. Said license shall be renewed within thirty (30) days after the date of expiration. The Residential Kennel license fees, and late fees if an application for a license is made more than thirty (30) days after the date such license is required, shall be set forth by resolution adopted by the City Council.

B. Application for a Residential Kennel or a Residential Cattery license shall be filed with the Animal Control Director on a form prescribed by him or her not later than ten (10) days after obtaining written verification from the City of Riverside that the operation of the Residential Kennel or a Residential Cattery is in compliance with the applicable provisions of the Riverside Municipal Code including but not limited to all licensing requirements set forth in Section 8.12.010 of the Riverside Municipal Code. The application form, when completed, shall contain such information as may reasonably be required by the Animal Control Director for the purposes of enforcement of this chapter, including but not limited to the current home telephone number of the caretaker of the subject Residential Kennel or a Residential Cattery and another current telephone number for emergency use or messages when such caretaker is absent from the subject kennel or cattery. As a condition of the issuance of a Residential Kennel or a Residential Cattery license, each owner and operator of a Residential Kennel or a Residential Cattery shall agree to allow such entry and inspection, and such agreement shall be made a part of the license application. The appeal shall be heard by an Administrative Hearing Officer as defined by section 1.17.020 of the Riverside Municipal Code and with the qualification and authority outlined in section 1.17.160, which may modify or reverse the denial, nonrenewal, suspension or revocation. Further, the Administrative Hearing Officer shall prepare a detailed written decision. In conducting the hearing, the Administrative Hearing Officer shall not be limited by the technical rules relating to evidence and witnesses, as applicable in courts of law. To be admissible, evidence shall be of the type upon which responsible persons are accustomed to rely in the conduct of serious affairs.

During the pendency of the appeal, there shall be in effect an automatic stay of the denial, nonrenewal, suspension or revocation; provided, however, that during the period of pendency the Animal Control Director may take such action as he or she deems appropriate under this chapter or any other provision of law respecting the subject kennel or cattery, including but not limited to the abatement of public nuisances, inspection of the kennel or cattery premises, or the prosecution of any violation of the Riverside Municipal Code or any other provision of law not related to the failure of the subject kennel or cattery to be currently and otherwise validly licensed.

Any person aggrieved by the order of the Administrative Hearing Officer may obtain judicial review of that order by filing a petition for review with the Superior Court of Riverside County in accordance with the timelines and provisions set forth in California Code of Civil Procedure section 1094.6. (Ord. 7084 § 2, 2010)

Section 8.19.010 Purpose.

Miniature pot-bellied pigs are increasing in popularity as domesticated pets and the keeping of not more than two such animals on any single family residentially zoned property, excluding the RA-5 and RC zones, is permitted in the City. However, as such animals are still livestock notwithstanding size, the keeping of such animal needs to be closely regulated and controlled to insure that such animal does not become a nuisance or danger to the general public and the neighborhood in which it is kept. The City Council finds that the keeping of pot-bellied pigs so as not to create a nuisance can be reasonably accommodated by licensing and other restrictions. (Ord. 6213 § 1 (part), 1995)

Section 8.19.020 Definition.

For the purposes of this chapter, the words "pot-bellied pig" shall mean a domesticated miniature Vietnamese, Chinese or Asian pot-bellied or pot-belly pig not exceeding one hundred twenty-five pounds in weight and eighteen inches in height measured at the shoulder. (Ord. 6213 § 1 (part), 1995)

Section 8.19.030 Administration and enforcement.

The provisions of this Chapter shall be administered and enforced by the City's duly appointed and acting Animal Control Director as defined by this Title and the deputies of such Animal Control Director. In addition, the provisions of this Chapter may be enforced by any code compliance officer of the City. (Ord. 6213 § 1 (part), 1995)

Section 8.19.040 License, compliance with regulations.

Notwithstanding the provisions of Title 19 of this code, it is unlawful for any person to own or have custody, control or possession of any pot-bellied pig within the City unless such pig is licensed pursuant to the provisions of this Chapter within ten calendar days upon said pig's entry to the City and unless said pig complies with the regulations as set forth in this Chapter. (Ord. 6213 § 1 (part), 1995)

Section 8.19.050 Licensing procedures.

Any person owning or having custody or control of a pot-bellied pig within the City may obtain a license for such pig from the Animal Control Director in accordance with the following procedures:

1. The name and address of the applicant and the address of the property upon which the pot-bellied pig is to be kept;

3. Such other information as the Animal Control Director deems appropriate.

B. License Fee. The application shall be accompanied by a nonrefundable license fee in an amount as may be established by resolution of the City Council.

C. Veterinary Certification. The application shall be accompanied by a statement signed by a licensed veterinarian certifying that the pot-bellied pig has been spayed/neutered, that the pig is in good health and has received all necessary vaccinations, and the height and weight of the pig. Such certification shall be no older than thirty calendar days when submitted to the Animal Control Director. (Ord. 6213 § 1 (part), 1995)

Section 8.19.060 Issuance, term, renewals.

A. Issuance of License. The Animal Control Director shall issue a license for the keeping of a pot-bellied pig on a lot within the City zoned for such use upon the filing of a completed application and a finding that the animal meets the requirements set forth in subsections A through D of Section 8.19.070.

B. Term of License. Any license issued pursuant to this chapter shall be valid for a period of one year from the date of issuance; provided, however, any license expiring on a Saturday, Sunday or holiday, shall be valid until the next work day.

C. Renewals. Any license issued pursuant to this chapter may be renewed for periods of one year each upon the filing of an application for such renewal with the Animal Control Director accompanied by a nonrefundable renewal fee in an amount as may be established by resolution of the City Council. The renewal application shall be on such form as provided by City. The Animal Control Director shall issue such renewed license unless it is found that the pot-bellied pig is not in compliance with the regulations as set forth in Section 8.19.070. (Ord. 6213 § 1 (part), 1995)

Section 8.19.070 Regulations.

F. Leash Requirements. Each pot-bellied pig while on a street, sidewalk or other public place shall be restrained by a harness and leash or similar restraint not longer than six feet in length held by a competent person. (Ord. 6213 § 1 (part), 1995)

Section 8.19.080 Revocation of license.

The license for a pot-bellied pig issued pursuant to this chapter may be revoked by the Animal Control Director upon the finding that the provisions of Subsections A through D of Section 8.19.070 have been violated and not corrected within ten calendar days of issuance by the Animal Control Director or a deputy of the Animal Control Director of a notice of such alleged violation or within such longer period as may be specified in the notice of violation. Upon failing to correct the violation within the required time, the Animal Control Director shall issue a written notice of the revocation of the license and the pot-bellied pig must be removed from the City within ten calendar days thereafter or such longer period as may be set forth in the notice of revocation. (Ord. 6213 § 1 (part), 1995)

When a puppy or kitten under the age of four (4) months implanted with microchip identification is sold or otherwise transferred to another person, the owner or custodian shall advise the Department of the name and address of the new owner or custodian, and the microchip number of the puppy or kitten within ten (10) days after the transfer. If it is discovered that an owner or custodian has failed to provide the Department with the name and address of the new owner and the microchip number of the puppy or kitten, the owner or custodian shall be subject to the administrative remedies set forth in Chapter 1.17.

D. When an impounded dog or cat is without microchip identification, in addition to satisfying applicable requirements for the release of the animal, including but not limited to payment of impound fees pursuant to this chapter, the owner or custodian shall also do one of the following:

1. Have the dog or cat implanted with a Department microchip by a Department registered veterinarian technician or veterinarian or designated personnel at the expense of the owner or custodian;

2. Have the dog or cat implanted with a department approved microchip by a California licensed veterinarian. The owner or custodian may arrange for another California licensed

veterinarian to perform the implant, and shall pay to the department the cost to deliver the dog or cat to the chosen veterinarian. The veterinarian shall complete and return to the Department within ten (10) days, a statement confirming that the microchip has been implanted, provide the Department with the number and shall release the dog or cat to the owner or custodian only after the procedure is complete; or

3. At the discretion of the Animal Control Director, the dog or cat may be released to the owner or custodian if he or she signs a statement under penalty of perjury, representing that the dog or cat will be implanted with a microchip and that he or she will submit a statement within ten (10) days of the release, signed by a California licensed veterinarian, confirming that the dog or cat has been so implanted and provide the microchip number to the Department or allow the Department to scan the dog or cat for the microchip to verify.

E. Fees for microchip identification device. The fee for an identifying microchip device shall be included in the cost of adoption when adopting a dog or cat from an animal shelter operated by the Department. If an animal has already been implanted with an identifying microchip device by some other facility, there will be no fee to have the identification microchip number entered into the Department's registry as required by subdivision (A) of this section.

F. Application of fees and fines collected. All costs and fines collected under this part and the fees collected under this section shall be paid to the City of Riverside for the purpose of defraying the cost of the implementation and enforcement of this program. (Ord. 7084 § 3, 2010)
